**ASSESSMENT OF
LEARNING OUTCOMES
AND
GRADUATE ATTRIBUTES**

**METHODS OF ASSESSMENT OF LEARNING OUTCOMES AND GRADUATE
ATTRIBUTES**

The Institute has clearly stated program outcomes (POs) and course outcomes (COs) for its all- academic programmes. The faculty and students are made aware of the learning outcomes at beginning of academic session.

- Course outcomes and objectives are printed in the course outline of each subject.
- The course outcomes are mapped to the programme outcomes.
- Analysis of Program outcomes is achieved by evaluation methods- formative and summative assessment. Log books and departmental journals are maintained by the students.
- The College regularly monitors the performance of the students in internal examinations, viva-voce, and University examinations.
- Extra/remedial classes for slow learners are conducted by each department. The Institution has a well- structured feedback mechanism system in place.
- The feedback is obtained from students and teachers at the academic year regarding teaching learning process. The feedback is analyzed at departmental level and central level. After analysis, corrective actions are initiated and constantly monitored. Critically evaluating the quality and impact of its own work during and after its implementation is a part of organizational strategy
- Both direct and indirect methods of assessment of learning outcomes are used. The direct methods include tests, presentations, clinical performance, student projects, seminars, Problem- Based-Learning, Journal clubs, quizzes, assignments, portfolios, logbook for students' work, competitive exams, intercollegiate competition, objective structured clinical examination (OSCE), etc.
- The college has formulated course outcomes to make the students more competent with respect to all domains of learning (Cognitive, Affective and Psychomotor domains). Accordingly, their learning assessment is conducted in form of formative at college level and summative at the university level.

PRINCIPAL

Domains of learning	Methods of Assessment	Student
Cognitive Domain	<ul style="list-style-type: none"> • Short Answer Questions • Long Answers Questions • Viva-voce 	UG
Affective	<ul style="list-style-type: none"> • OSCE • OSPE • Group Discussions • Problem Based Label 	UG
Psychomotor	<ul style="list-style-type: none"> • OSCE/ OSPE • Practical exam • Case discussions • BLS & ACLS 	UG

Modes of Assessment	Methods of Assessment	Students
Formative	<ul style="list-style-type: none"> • Short Answer Questions • Long Answers Questions • Viva-voce • OSPE OSCE • Quiz • Seminars • Assignments • Six monthly Progressive report • Journals 	UG
Summative	<ul style="list-style-type: none"> • Short Answer Questions • Long Answers Questions • Practical's and Viva-voce • OSPE OSCE 	UG
