Innovation and Incubation Centre

SSS MTNS is proud to start an incubation centre to enable the students for their outstanding experience for the outreach and extension other than academic exposure in promote innovation driven activities at the institution and provide a comprehensive and integrated range of support including space, mentoring, training programs, networking and an array of other benefits.

We believe that an incubation centre is equally essential in today's competitive and fast changing world, through the incubation centre, students gain hands-on experience in innovation while being nurtured and encouraged by faculty, management and industry experts. The institute aims to be the hub of innovative and high impact ventures in social, educational, commercial and other domains. It hopes to bring forth a revolution in how and what students learn and achieve while in college.

Origin: -

SSS MTNS, Innovation Cum Incubation Centre is Started in the month of February 2011 to provide a comprehensive ecosystem. The Institute will provide all the basic infrastructural support, i.e. Lab, Mentoring, technical support, Networking with Professional Experts, Consultants and advisor of incubator companies.

Need and purposes of Innovation cum Incubation centre: -

1. To provide conducive environment for development of intellectual property.
2. To promote and facilitate knowledge creation, innovation and entrepreneurship activities for the students.
3. To facilitate innovation in nursing curriculum.
4. To link with the nearby industries and identify the technological challenges faced by students.
5. To link to the higher education resource
